CABBAGE

Any Pkt., 15c; 2 pkts., 25c; 3 pkts., 35c.

Cabbage Seed is our leading specialty, and we can recommend our seed to any one who desires nothing but the Best. We import our own cabbage seed direct from the northern part of Denmark, grown there in a climate much cooler than the climate of Wisconsin, and a good yield cannot fail by using such cabbage seeds.

This cabbage seed is grown for us by old reliable cabbage seed growers and we can guarantee it all to be of that name it is sold for. There are no mixtures in our seeds.

We recommend ordering early as we only have a limited amount of this cabbage seed. It will be known under the names:
